

## **Deemed Export Compliance**

The visa petition form (I-129) that TCS must sign when it sponsors an associate for an H-1B visa (and some L-1 visas) now includes a new question.

The new question on the form asks TCS to confirm whether US law requires TCS to obtain an Export License from the US Department of Commerce or US Department of State. If an Export License is required, then the new form asks TCS to confirm that it will obtain the required license before it exposes the associate to certain technologies.

We need the declaration from associate's Manager in the attached format (**Deemed Export Compliance - Declaration from the Manager**) based on which Form I-129 will be prepared. This declaration from Manager is for TCS records only and will not be submitted with USCIS.

For purposes of the visa petition form,

Select option "**No**", if TCS is not providing the associate with access to *covered technology or technical data* that TCS uses or controls.

Select option "**Yes**" If TCS is providing the associate with access to any *covered technology or technical data* that TCS uses or controls.

If option "Yes" is selected, send the license as well.

NOTE: If the **CLIENT** is exposing the associate to the technology or technical data that the Client uses at its workplace, TCS may answer **NO**, i.e., that it is NOT required to obtain a license for an associate. Again, the focus is on whether TCS is exposing the associate or the Client.

**Declaration from the Supervisor:**

I have reviewed the EAR & ITAR with respect to the technology or technical data we release or provide access to the above mentioned beneficiary and determine that.

☒ A license is not required from either U.S Department of Commerce or the U.S. Department of State to release such technology or technical data to the foreign person.

☐ A License is required from the U.S Department of Commerce and/or the U.S. Department of State to release such technology or technical data to the beneficiary.

(In case of second option being selected, copy of License should be sent along with the other documents to Immigration team)
